

ECS Awards & Grants Program: Call for Nominations

Through our Awards & Grants Program, ECS recognizes outstanding technical achievements in electrochemistry and solid state science and technology. ECS awards are held in high esteem by the scientific community. Nominating a colleague is a way of highlighting an individual's contribution to our field and shining a spotlight on our ongoing contributions to the sciences around the world.

ECS Awards are open to nominees across four categories: Society Awards, Division Awards, Student Awards, and Section Awards. Specific information for each award, and information regarding rules, past recipients, and nominee requirements are available online. Please note that the nomination material requirements for each award vary.

Email questions to: awards@electrochem.org.

ECS Awards

The **EDWARD GOODRICH ACHESON AWARD** was established in 1928 for distinguished contributions to the advancement of any of the objects, purposes or activities of The Electrochemical Society. The award consists of a gold medal, wall plaque, prize of \$10,000, life membership in the Society, and complimentary meeting registration at the meeting to accept the award. The next award will be presented at the PRiME meeting in Honolulu, Hawaii, October 9-14, 2016.

Go to electrochem.org/society to learn more and start the nomination process.

Materials are due by October 1, 2015.

The award of **ECS FELLOWS** was established in 1989 for individual contribution and leadership in the achievement of science and technology in the area of electrochemistry and solid state sciences and current active participation of the affairs of ECS, and consists of a scroll, lapel pin, and announcement in a Society publication. Nominations are being accepted for the 2015 class of Fellows, which will be presented at the ECS fall meeting in Phoenix, Arizona, October 11-16, 2015.

Go to electrochem.org/society to learn more and start the nomination process.

Materials are due by February 1, 2015.

The **VITTORIO DE NORA AWARD** was established in 1971 for contributions to the field of electrochemical engineering and technology. The award consists of a gold medal, wall plaque, life membership in the Society, complimentary meeting registration at the meeting to accept the award, and a prize of \$7,500. The next award will be presented at the ECS spring meeting in San Diego, California, May 29-June 3, 2016.

Go to electrochem.org/society to learn more and start the nomination process.

Materials are due by April 15, 2015.

The **HENRY B. LINFORD AWARD FOR DISTINGUISHED TEACHING** was established in 1981 for excellence in teaching in subject areas of interest to the Society. The award consists of life membership in the Society, a silver medal, wall plaque, complimentary meeting registration at the meeting to accept the award, and a prize of \$2,500. The next award will be presented at the ECS spring meeting in San Diego, California, May 29-June 3, 2016.

Go to electrochem.org/society to learn more and start the nomination process.

Materials are due by April 15, 2015.

The **CHARLES W. TOBIAS YOUNG INVESTIGATOR AWARD** was established in 2003 to recognize outstanding scientific and/or engineering work in fundamental or applied electrochemistry or solid-state science and technology by a young scientist or engineer. The award consists of a scroll, a prize of \$5,000, ECS Life Membership, and travel assistance to the meeting of the award presentation (up to \$1,000).

Go to electrochem.org/society to learn more and start the nomination process.

Materials are due by October 1, 2015.

Division Awards

The **BATTERY DIVISION RESEARCH AWARD** was established in 1958 to recognize outstanding contributions to the science and technology of primary and secondary cells and batteries and fuel cells. The award consists of a scroll, a prize of a \$2,000, travel assistance to the meeting if required, and membership in the Battery Division for as long as the winner is an ECS member. The next award will be presented at the ECS fall meeting Phoenix, Arizona, October 11-16, 2015.

Go to electrochem.org/division to learn more and start the nomination process.

Materials are due by March 15, 2014.

The **TECHNOLOGY AWARD OF THE BATTERY DIVISION** was established in 1993 to encourage the development of battery and fuel cell technology. The award consists of a scroll, prize of \$2,000, travel assistance to the meeting if required, and membership in the Battery Division for as long as the winner is a Society member. The next award will be presented at the ECS fall meeting in Phoenix, Arizona, October 11-16, 2015.

Go to electrochem.org/division to learn more and start the nomination process.

Materials are due by March 15, 2014.

The **ELECTRODEPOSITION DIVISION RESEARCH AWARD** was established in 1979 to recognize recent outstanding achievement or contribution in the field of electrodeposition. The award consists of a scroll and a prize of \$2,000. The next award will be presented at the ECS fall meeting in Phoenix, Arizona, October 11-16, 2015.

Go to electrochem.org/division to learn more and start the nomination process.

Materials are due by April 1, 2015.

The **MANUEL M. BAIZER AWARD OF THE ORGANIC AND BIOLOGICAL ELECTROCHEMISTRY DIVISION** was established in 1992 for outstanding scientific achievements in the electrochemistry of organics. The award consists of a scroll, a prize of \$1,000, and travel assistance (if needed) to the meeting where the award presentation will take place. The next award will be presented at the ECS spring meeting in San Diego, California, May 29-June 3, 2016.

Go to electrochem.org/division to learn more and start the nomination process.

Materials are due by January 15, 2015.

The **MAX BREDIG AWARD IN MOLTEN SALT AND IONIC LIQUID CHEMISTRY OF THE PHYSICAL AND ANALYTICAL ELECTROCHEMISTRY DIVISION** was established in 1984 to recognize excellence in molten salt chemistry research and consists of a scroll and a prize of \$1,500. The next award will be presented at the PRiME meeting in Honolulu, Hawaii, October 9-14, 2016.

Go to electrochem.org/division to learn more and start the nomination process.

Materials are due by March 1, 2015.

Section Awards

The **W. LASH MILLER AWARD OF THE CANADA SECTION** was established in 1967 for the excellence of the candidate's publications and/or technical contributions in the field of electrochemical science and technology and/or solid state science and technology. The candidate must have demonstrated independent research in academia, industry or governmental laboratories. To be considered for the award, a nominee must be residing in Canada and have obtained his/her last advanced education degree no more than 15 years before the year of the Award. The recipient does not need to be a member of ECS. The award consists of a prize of \$1,000 CAN. The Award will be presented at a meeting of the Canada Section in 2015 during which the award recipient will present a lecture on a subject of major interest to him/her in the field of electrochemical science and technology and/or solid state science and technology. It may relate to the citation of the Award, or to current activity.

Nominations and supporting documents should be sent to Michael Eikerling, Department of Chemistry, Simon Fraser University, 8888 University Drive, Burnaby, BC, Canada V5A1S6, tel.: 778 782 4463, email: meikerl@sfu.ca. **Materials are due by December 31, 2014.**

Travel Grants

Several of the Society's Divisions offer travel assistance to students and early career professionals presenting papers at ECS meetings. For details about travel grants for the 227th ECS meeting in Chicago, Illinois, go to electrochem.org/travel_grants. Please be sure to click on the link for the appropriate Division as each Division requires different materials for travel grant approval prior to completing the online application. You must submit your abstract and have your abstract confirmation number in order to apply for a travel grant. If you have any questions, please email travelgrant@electrochem.org. **The deadline for submission for spring 2015 travel grants is January 1, 2015.**
